The Levitate Forever Series

The Forever Series

Introducing the Levitate Forever: Your gateway to enhanced mobility.

The **Levitate Forever** is a PDAC-approved prosthetic foot designed for adaptive athletes. Made from lightweight fiberglass, it's perfect for daily activities and competitive sports like tennis, basketball, and football. This durable, comfortable foot provides exceptional performance, ensuring users can enjoy an active lifestyle without compromise. Embrace the power of movement with the Levitate Forever.

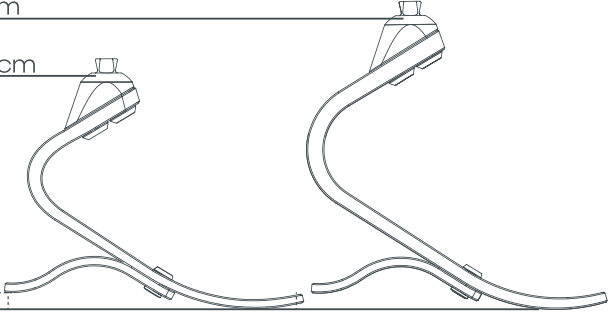

- **Adapter**
Made of Titanium or AL7075.
- **High active spring**
Made of glass fiber, the curved spring facilitates comfortable shock absorption but high energy return.
- **Discreet design**
Can be worn unnoticed with slim pants for the formal occasions.
- **Comfortable and active heel**
Constructed from fiberglass, the heel provides shock absorption for prolonged daily use.
- **Smooth but dynamic roll over**
The active spring, in conjunction with the heel, facilitates a dynamic yet smooth transition during movement. This combination allows for comfortable shock absorption and high energy return, ensuring a natural and efficient walking experience. The spring facilitates smooth transitions from heel strike to toe-off, enhancing mobility and comfort for prolonged daily use.

Max body weight 125 kg
Weight 600 g
Sizes 23-29 cm

Foot shell selection

Inner Length	Foot shell
210 mm	23-24 cm
230 mm	25-26 cm
250 mm	27-29 cm

Levitate Series build heights

Forever II 9 in	23 cm	
Forever I 7.3 in	18.5 cm	
Heel Height 0.4 in	1 cm	

Category table

Weight in kg	0-50	50-65	65-80	80-95	95-110	110-125
Weight in lbs	0-110	110-143	143-176	176-210	210-242	242-275
Size 23-24	1	1.5	2	2.5	N/A	N/A
Size 25-26	1	1.5	2	2.5	3	3.5
Size 27-29	N/A	1.5	2	2.5	3	3.5
