

Locking system

eValue ESSV Lamination Adapter

eValue ESSV

eValue ESSV is the OP market's smallest and lightest valve, developed for Vacuum Suspension. The valve is detachable, and the ball can be removed and cleaned, at the same time the valve has a filter to ensure a good function for a long time.

eValue ESSV is available with a lamination adapter that is laminated into a prosthesis socket or with a glue adapter that is glued to a Ø 10 hole drilled in a prosthesis socket.

Diameter: 11 mm
Length: 7 mm
Material: Aluminum

eValue ESSV Glue Adapter

Art.no	Description	Diameter	Length
